

Ecuador Mission Preparation - November E-Update

Dear Family, Friends and Partners in Ministry,

We give thanks this year for the opportunity we have had to continue to prepare to serve God full-time in Ecuador, and share His love with those around us here in the US and as we served in Peru and Ecuador. We are thankful that you have seen the need to keep the Good News alive...to make sure that the darkness does not win out over the Light.

We also give thanks this year for your faithfulness in praying for us, that we might have the strength and confidence and energy to continue pressing forward toward the calling He has placed on our lives. We give thanks for your gifts, funds and housing that make life possible for God to equip us for His ministry in South America...bearers of the Good News of Jesus Christ, an extension of you.

We hope and pray that you and yours have a wonderful Thanksgiving Day. May you remember all the people who have touched and shaped your life...and may you remember all that God has done for you.

May the Lord bless you and keep you...and may He continue to pour out His blessings on you...may your cup overflow!

With love and thanksgiving,
Graham and Sharon Nichols
